Dear [REDACTED]

You've been preapproved for a Trial Period Plan as part of the Streamline Home Affordable Modification Program (HAMP), which is the first step toward qualifying for more affordable mortgage payments. This letter explains all the steps you need to take to modify your mortgage payments.

Here's what you need to do

To accept this offer, make your first monthly trial period payment of \$1,526.93 by NOVEMBER 01, 2016. After that, send us the following trial period payments instead of your normal monthly payments:

Second payment:	\$1,526.93 by 12/01/2016
Third payment:	\$1,526.93 by 01/01/2017

Please be sure to send exactly the amounts listed above—if we receive payments for different amounts, you may no longer be eligible for this offer.

After you make all trial period payments on time and you continue to meet all program eligibility requirements, we can permanently modify your mortgage. We'll send you a modification agreement and the Streamline HAMP Affidavit that you'll need to sign and return before we can complete the modification. Until then, your existing loan terms and requirements remain in effect and unchanged during the trial period. **If we don't receive each trial payment in the month it's due, this offer will end and we won't modify your loan under the terms of this offer.**

If you can't afford the trial period payments shown above, please call us. You may be eligible for another modification program under HAMP that would lower your monthly payment even more. If you don't want to stay in the property, we may be able to offer assistance. To find out the information we need to see if you're eligible for other options, please call us right away at one of the numbers below or visit www.chase.com/myhome. We need to receive a complete application for assistance by DECEMBER 06, 2016 to review your request.
